Real People with Real Stories

Anita suffers from lifelong depression. Life has not been easy for her, but with the help of many services through JFS, she is able to spend more time working on herself and her health. She has food delivered from the JFS Specialized Food Pantry, and enjoys the Friendly Visitor who comes monthly. "Susan comes to my house and we just talk; it is a nice break in my day. I look forward to her visits." Anita also uses Partners in Care Concierge (PiCC) services where a volunteer accompanies her to medical appointments.

Mike came to JFS looking for support after he and his wife filed for divorce. "I've been struggling with the loss of my best friend for the last 7 years," Mike told Lauren, a therapist through Thrive that has been working with Mike for 2 months now. Mike is learning how to cope with the stressors of divorce as well as learning how to find more of who he is and how to move forward in life.

After using the Resettlement resources provided here at JFS, Sally found a job at Annie's Children's Center in Ann Arbor! Sally takes care of the babies that are less than a year old. Sally is preparing to take the pharmaceutical exam which will prepare her for the next step of training she would need in order to obtain her dream of becoming a pharmacist.
